INFO

Optional available headers from the finest titanium offer an upgrade to a full system when used with the Akrapovič Slip-On exhaust system. The new headers include brand-new designed titanium oval flanges from Akrapovič in-house foundry. Let your bike stand out with more power, beautiful design, and the unique Akrapovič sound.

Optional headers fit on BMW M1000RR 2025 model.

For perfect performance, throttle response and durability, remapping is recommended.

The product is developed and tested on EU vehicle specification. Non-EU fitment and performance may vary by marketplace and different vehicle specification.
